Gloria:

The only comments that I have are as follows:

1. First Paragraph - Should say "National Oil Recovery Corporation" delete Act.
2. I thought that we were going to have any remaining dollars left over from the Removal Activities to be transferred to the RI/FS or RD/RA Activities (including the Removal Letter of Credit). In fact, I would not have a problem with this money being placed in the escrow account associated with the Removal Action as the cost for doing this work is ending up being much more expensive than they originally anticipated and it appears they are struggling because of the funding.
3. I also thought that all proceeds of the sale minus expenses associated with the sale were to be put in an escrow account to be used for RD/FA or other designated work;

Thanks
